

Mutual of Omaha Ancillary: Tool Kit

Utilize the links below to access essential tools for Mutual of Omaha ancillary plans that are part of Nexben's portfolio.

Annuities

Income Annuities that provide your clients with a guaranteed, reliable income stream they can't outlive and Deferred Annuities that earn a fixed rate of interest over time and can grow tax deferred until your clients decide to begin receiving payments.

Critical Illness

The Critical Advantage portfolio brings the three, direct payment products of Critical Illness, Cancer, and Heart Attack & Stroke insurance into one family. From a consumer perspective, this full-scale portfolio offers numerous price points and options to fit almost any situation or budget.

Dental

Offering both dental insurance and dental savings plan options so you can help your clients find the right solution for their dental care needs.

Life

A full line of life insurance products allows you to help clients protect their families and businesses. The IUL Express is a popular product that provides long-term death benefit protection and is issued on a simplified underwriting basis.
