

Telemedicine: Tool Kit

Utilize the links below to access essential tools for Telemedicine plans that are part of Nexben's portfolio.

DialCare

These plans are not insurance and are not intended to replace health insurance. Three innovative solutions are offered providing members access to licensed doctors, dentists, and mental health professionals to receive help via phone or video consultations all with a \$0 consultation fee. Hassle-free online quoting and enrollment using your Insurance for Everyone (IFE) customized link.

Recuro Care

Two group plans provide clients with a doctor visit by phone, secure video or app with \$0 consultations. Prescriptions can be sent to the nearest pharmacy. The Enhanced plan treats over 80 conditions including dermatology and behavioral consultations.
